

# Species Rebounding Under Consent Decree

\* Statistics for 2010 are based on the Cape Hatteras National Seashore 2010 Annual Resource Report, excluding Green Island. The report states that a "change in survey dates from the previous year led to a potential under-estimate of nests for the Seashore" in 2010.

# Species Rebounding Under Consent Decree

All numbers are based on the National Park Service's Cape Hatteras National Seashore Annual Resource Reports, excluding numbers from Green Island.

\* Tentative number based on the National Park Service's 2011 weekly reports.

† Only partial statistics are available for 2011 as the season has not ended. 2011 numbers are current as of July 20, 2011.
